

# Summary Statistics

November 23, 2021

Table 1: Among participants who were randomized at each decision point, what percentage completed the self-monitoring survey? Note that we do not include participants who did not select their preferred product or charity at baseline.

Decision Point	Total	No. Completed Self-Monitoring	% Completed Self-Monitoring
1	581	464	79.86
2	490	363	74.08
3	453	294	64.90
4	437	263	60.18

Table 2: Among participants who completed self-monitoring at each decision point, how many (a) allocated 2 points to product and 0 points to charity, (b) allocated 1 point to product and 1 point to charity, (c) allocated 0 points to product and 2 points to charity?

Decision Point	Total	No. of Participants: Product: 2, Charity: 0	No. of Participants: Product: 1, Charity: 1	No. of Participants: Product: 0, Charity: 2	% of Participants: Product: 2, Charity: 0	% of Participants: Product: 1, Charity: 1	% of Participants: Product: 0, Charity: 2
1	464	215	233	16	46.34	50.22	3.45
2	363	158	189	16	43.53	52.07	4.41
3	294	123	156	15	41.84	53.06	5.10
4	263	116	136	11	44.11	51.71	4.18
